## The Pichorides Distinguished Lectureship

HAIM BREZIS

(Paris VI, Rutgers University)

**Herakleion(Greece) July 8-22, 2004**

A series of talks will be given by the distinguished Professor Haim Brezis (Académie des Sciences, France & National Academy of Sciences, USA) on :

*The Ginzburg-Landau model : an amazing source of new problems and results in Analysis and Topology.*

A great opportunity for graduate students and researchers. All are welcome and are invited.

*The Pichorides Distinguished Lectureship* is funded by the **Foundation for Research and Technology - Hellas**.
